District Treasurer.

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of New Durham, of which the above is a true summary for the fiscal year ending June 30, 1931, and find them correct in all respects.

LESLIE W. RICKER,

July 11, 1931

Auditor.

Report of the Superintendent of Schools

To the School Board and Citizens of New Durham:

School statistics for the school year 1930-1931 were as follows:

Number of pupils registered, 68; 40 boys, and 28 girls.

The number in the several grades was as follows:

Grade I, 9; Grade II, 8; Grade III, 11; Grade IV, 8; Grade V, 8; Grade VI, 7; Grade VII, 6; Grade VIII, 11. Average attendance was 55; per cent of attendance, 93; number of visits by school board, 17; by the superintendent, 62; by citizens, 47; pupils neither absent nor tardy, 11.

All of the school teachers and workers remain the same as last year.

SCHOOL APPROPRIATIONS

The school officials have prepared a budget to the limit for a good many years. The amount for high school tuitions and elementary tuitions is fixed by law. Sixteen high school pupils and six elementary have been registered for tuitions this year. The state aid law requires a tax of \$5 on a thousand of equalized valuation to qualify for state aid. We are getting approximately \$2,000 from the state at present without which we could not maintain standard schools. The administration items have been kept at a minimum. It would seem that the New Durham School District would not be satisfied with anything less than the budget gives.

The school buildings are in fair condition.

The school officials appreciate the cooperation of all those who are interested in the work of the New Durham schools.

Very earnest commendation is given to the 4-H Club and the leader for the needed project of wiring the Plains school building for electric lights.
